ID 20443

## Look for Corporate sales, firm sales, sales **School**

We would like to expand our field of education and training. We are looking for an educational institution with approval (Federal Office for Migration and Refugees). For German, general integration courses, women's and parent integration courses for purchase.

Whether courses are still running at the moment is unimportant. Your company should be able to prove its valid approval. You can talk about the purchase price.

### [Corporate sales](#)

Region 44, Germany

Entry in own name
