## Look for Corporate follow-up, firm follow-up, follow-up **Outpatient nursing service**

in our view, the nurses and, more generally, the care of people in need of help still do not receive sufficient attention and appreciation. We want to change that.

We want to help as many people as possible and at the same time become the best paying employer for nurses. Together with a local partner, we intend to acquire or establish care services in Germany and to rethink the topic of care with our mediation platform.

We would like to tell you more about us as the ideal successor for your company in a personal conversation.

We look forward to seeing you.
