Online shop for popular beauty products

The profit margin after deduction is currently around 35%. So far, the shop has achieved a profit of about 22,500 euros since its foundation.

We sell selected beauty products from different areas. We attach great importance to "long-lasting products", which means: "Products that can still be sold within five years." No warehouse is required, as the products are delivered directly from the supplier from China (dropshipping) to the customer.

Purchase and takeover:

You can take over the online shop or hire a responsible marketing agency to look after the shop for you. The business will be handed over to a loyal successor who stands for creativity and passion of high-quality customer products.

Other figures and data:

- In 2020, the shop had around 85,000 visitors
conversion rate is 2.76%
- So far there are more than 5,000 customers
- The average order value is approx.
