

The big business marketplace

Business for sale more than 15 years

ID 23232

Look for Corporate participation, firm participation **Software Development**

We develop AI software, web and app products according to customer requirements as well as our own solutions for digitization at the POS and our own apps. With their own sales team, these are sold in The German retail trade and in industry. For further expansion and scaling in Germany and later internationally, we are looking for capital in the form of:

- Issuance of preference shares with preferential and over-dividend
- Company participation in the form of ordinary shares up to 20%
- Silent participations with attractive interest rates

[Participation](#)

Region 14, Germany

Entry in own name
