Manufacturer of construction plan huts

Startup: Bauplanh tten The company started 4 years ago to develop and build craneable mini offices for the construction site (Bauplanh tten). The company was founded to cover only the ongoing living costs of the entrepreneur with a manageable amount of time. Now the Bauplanh tten are taking the German construction sites by storm. (Sales in 2022:  , 200k order intake until March 2023: over  , 260k). That's why we are looking for a motivated successor who wants to realize the full potential of the startup.
