Offer Corporate sales, firm sales, sales

Freight forwarding, transport companies

Spedition (GmbH) with its own fleet of vehicles (all MEGA tarpaulin semitrailers, 9 EU licenses) for sale.

Vehicle parking space and offices are rented.

The clientele ranges from family businesses to corporations and should be taken over (mostly long-term cooperation).

The same applies to the staff (dispatcher + driver), all of whom are also long-standing experienced colleagues.

The owner can also work on an hourly basis (if desired).

The company can continue to operate as a single operation or be integrated as a subsidiary.

Prerequisites for a takeover are start-up capital, contacts to the shipping industry and the assumption of the current loan agreements (but can also be partially redeemed in advance).
