

The big business marketplace

Business for sale more than 15 years

ID 24667

Look for Corporate participation, firm participation

Mediation platform

We have an app for the mediation of tools and construction machinery for rent and sale. We are currently building our own business premises, where we want to purchase additional tools and construction machinery. Therefore, we need 100,000€ for our site expansion and would be willing to give up 10% of the company shares.
