Distributor of coffee and snack vending machines

Since 1983, the company has been an owner-managed business for the sales, service and service of commercially used coffee machines, water dispensers and snack vending machines.

The devices are used, for example, in (open-plan) offices, hotels, clinics, restaurants, etc., as well as very well-known customers such as Europapark, Phantasialand, all North Sea restaurants, Galeria Kaufhof, Dorint Hotels, etc., which have purchased machines in the course of the company's history. Installed in this way, 20,000 vending machines have been sold so far. The repair service in the in-house workshop is also part of the service portfolio, so that everything from sales, maintenance and repair to trading in raw materials and complementary goods (coffee beans, drinking chocolate, cups, etc.) can be covered from a single source. With the company, a stock of 50,000 € is handed over. The company currently employs a total of 11 people.
