## Main construction trade

The company has been offering comprehensive construction and renovation services in Tenerife since 2003. The company specializes in high-quality construction projects and customer-specific solutions, complemented by services in building materials trading and property management.

Product and service portfolio

1. construction and renovation:

- High-quality construction projects
- Renovation work on existing buildings

2. building materials trade:

- Sale of building materials and construction materials

3. real estate management and brokerage:

- Management of real estate
- Real estate brokerage for purchase and rental

4. investment projects:

- Development and realization of investment projects in the construction and real estate sector

Market position:

The company is known for its high quality and customer-oriented solutions in Tenerife. The company has established itself as a reliable partner in the construction and real estate sector since 2003 and enjoys a good reputation in the industry.

Forecasts:

In view of the rising goodwill and the increase in turnover from 2022 to 2023, this company is expected to experience further growth in the coming years. Investments in materials and personnel point to expansion and an increase in construction projects.
