## **Food Retail**

I have the best location for Turkish supermarket in . The store will be taken over by a branch of one of the largest retail chains in Germany. The concept of the Turkish supermarket with a butcher shop, a bakery and daily fresh fruits and vegetables is in high demand in this area. There are almost no competitors. In addition, the shop offers approx. 120 car parking spaces, a loading ramp directly at the building into the warehouse. It is located in the middle of 3 large neighborhoods and is very centrally located in the city. This results in the best conditions for this project. More details on request.
