## Offer Corporate sales, firm sales, sales **Craft business**

For sale is a company that has been established and renowned for almost 30 years for the sale and installation of high-quality windows, doors and sun protection systems in and on houses and commercial properties in the greater Munich area.

The owner would like to hand over responsibility for reasons of age - a successor will of course be carefully trained.

The current owner would be willing to continue working as a seller for the company on a commission basis after the handover.
