ID 25760

## Look for Corporate sales, firm sales, sales **Trading**

37 years old, single, not regionally bound

Trained mechatronics engineer with further education in mechanical engineering and management studies MBA.

Strong affinity for sales due to work as a sales manager and key account manager. Part-time self-employed in the retail sector.

A detailed CV will be made available to sales staff of suitable companies on request.

Information on the target company

The trading or technically orientated production company should have a marketable, sustainable range of products or services and ideally have up to 20 employees who would like to work with me to promote the future and further development of the company.

development of the company with me.

A pure e-commerce company is also a very interesting prospect for me.
